

Help bring real hope and help to women through a new women's shelter.

Our goal: \$100,000 for first year operations.

Our need:

1. Funds to rent and sustain a home for up to 10 women where they can be safe, secure and away from the streets.
2. Funds to provide a full time Women's program director for the first two years as we build up the funding for this program from donors in the USA and around the world.
3. Funds for program operations including support staff, food, supplies and general administration of the program.
4. Funds for a vehicle and transportation costs so that we can be effective in outreach and helping women gain access to medical care, and other services.

*The Spirit of the Lord GOD is upon me, Because the LORD has anointed me To bring good news to the afflicted; He has sent me to bind up the brokenhearted, To proclaim liberty to captives And freedom to . . . To comfort all who mourn. . . . Giving them a garland instead of ashes, The oil of gladness instead of mourning, The mantle of praise instead of a spirit of fainting. So they will be called oaks of righteousness, The planting of the LORD, that He may be glorified. Isaiah 61:1-3 NASV*

Tel Aviv, Israel, population 410,000, is the largest metropolitan city in Gush Dan which contains 42% of Israel's population.

Since 2008, RESCUE In Israel has provided food, shelter and recovery for the homeless of Tel Aviv, Israel. Your donations support:

- ◆ Feeding program outreach serving hundreds of homeless each month.
  - ◆ Men's shelter and addiction recovery program serving 12 men at a time.
  - ◆ Restoration of families and marriages.
- All to the praise of the Lord God Almighty.

With your help we will soon have a Women's shelter and program to serve the needs of women caught in the sex slave trade.

RESCUE Israel is a 501 (c)(3) tax exempt organization. We receive no federal or governmental support and rely solely on the donations of caring individuals.

## Help stop human trafficking in Israel

The story of "Jane" drives our passion to rescue women caught in this evil web by establishing a women's shelter in Tel Aviv.

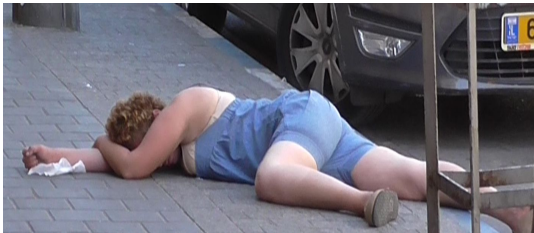

Restoring Life & Freedom

# A new women's center will give these women a clean break with their past and opportunity to find safety, grace, mercy and peace.

Jane lived on the streets of Tel Aviv – a homeless woman and drug addict caught in the human sex trafficking trade—She was not there by choice.

She's one of hundreds of women in Israel and millions globally who are

forced into prostitution and used by their pimps as a profit center until they either escape or die.

These women know about the Rescue in Israel men's recovery program and often receive meals through our food outreach program. But when they come to us for help, we have no godly, safe place for them to go.

We need a new women's shelter to provide help and hope!

When Jane angered a drug dealer he chained her to a dog house for six months, treating her like an animal, feeding her dog food and table scraps and using her for sex.

When she was finally able to break free, she came to us for shelter and help. But there was no place we could put her, or the many others who need our help.

**A year after this picture, we learned she had been murdered.**

Every week women come to receive food from us. Almost every week we hear of one being killed or dying of a drug overdose.

Regardless of the efforts of the Israeli

government to address the slave trade, not enough is being done to address this human tragedy.

The new Rescue in Israel Women's Shelter will provide:

- Safety and shelter
- Basic needs – food, clothing, other necessities
- Biblically based addiction and trauma recovery
- professionally trained staff
- use proven addiction recovery programs
- programs designed to help these women heal from their trauma

Most of all, Rescue in Israel will provide a grace-filled, hope-filled atmosphere that offers a path way out of life on the streets.

*You can help establish this new women's shelter as a wonderful way to bless Israel and help rescue those in need. Your gifts will be put into a special fund to launch the new center, we estimate in late 2015.*
